BEANA BEAT MISS PATRON AND DURYEA.

Accuracy of The Republic's Analysis of Their Last Race Was Proven.

TWO GOOD THINGS WENT BY.

Bulgarian and Nearest Were Missed by the Bettors-Three First Races Went to Pavorites.

Tuesday was not by any means an eventful day at Delmar Park. There was some neat racing at that. The evolution of the card produced almost one grand line of winning favorites.

The first three races went to very decided ublic choices. The fourth was won by cana, who, singularly, was exceeded in faoritism by Mirs Patron. The latter was made the choice chiefly through weight of 'wise" money. Every "fly gazabe" at the track was betting on Mr. Finn's filly. Indeed, if weight of sagacious currency could make a horse win, it should have done so here. But Tommy O'Brien got a lot more out of Beana vesterday than Willie Dale did the time she met Miss Patron and Peter Durves and run third. So the "wise" money went where all money eventually goes-into the coffers of the bookmakers.

This was the race of the day, and it af-forded a splendid lesson of the utter foolishness of paying attention to "wise" money. Bettors may be wise in some in-stances, yet it must be admitted that the bookmakers are not fools all the time.

Was Not a Truly Run Race.

Last time Beana, Miss Patron and Peter Duryea met they finished Peter Duryea, Miss Patron, Beana, The Republic form part then said that the race was a false ly run one, and that Beana should have won, with Miss Patron second. Yesterday's event proved the absolute accuracy of

event proved the absolute accuracy of this analysis, Beana won, off by herself, and Miss Patron would have been second in another stride.

With all due respect for Dale, it must be admitted that O'Brien outrode him at all stages of the game yesterday and that Mr. Fizer's mare made a very much better showing under OBrien than under Dale, while Miss Patron, coming from under Lindsey, showed no improvement under Dale. Nor did Peter Duryea, coming from between the eerie legs of Stockwell, who is a regular Hinkey, show any improvement under Lindsey, who is not the worst boy in the world.

The clever Mr. Hayes put the good and long-laid-up colt, Crimean, over the plate in the first race. Frank O'Nelli looked very smart and saucy as he came back to weigh out. Crimean was much the best. W. L. George made the place at long odds, and Harry Shaffer finished strong in third position.

Sadie Levy was a very warm favorite in the second event. She was well off and well ridden by Dale, but extremely fortunate to win. Land Ho, a 20-to-1 shot, made all the pace, a fast pace, too, and was only just beaten by Sadie Levy. It was the first time this season that the writer has called a finish other than it was called by the judges. In this histance he thought that Land Ho won by a good nose. Of course, the judges were in the best position to know. Forty feet out Land Ho seemed beaten, but he came well in the last two strides and seemed to land the money. Well ridden and rated he could not have lost.

Captain Rice's Miss Dora won the third event hands down. She was a 3-to-5 shot. Lindsey got Taby Tosa off very badly and did not get her going until they came into the stretch. She finished stoutly and might have won with an even break at the start and a good ride.

Two Things That Were Overlooked.

Bugaran was a cozy "sleeper" in the fifth race. He started as a good thing Saturday and ran a good race behind Menace and Fairy Day, beating among others Lomond, who finished second to him yesterday. Singularly enough, Lomond was a 3-to-1 shot yesterday, while Bulgarian, who beat him under similar conditions their previous meeting, was held at 8 to 1.

The books were out of line and were made to pay for so being. Bulgarian was backed from 8 to 4 to 1, and walked in. Lomond was a good second. Patient and long-suffering Billy Magrane could not stand this sternal running second any longer. So he went and bin Bulgarian up to 3500 and took him away from J. C. Mitchell, his former owner. Things That Were Overlooked.

him away from J. C. Mitchell, his former owner.

Ben Frost was a nice-looking 9-to-10 shot in the last race on the strength of that scintillarit race against Horseshoe Tobacco. Frost had no mishaps, but could not make good, even with Dale on him. Funny thing is that Frost always figures to beat Bue Johnson, yet can seldom do it. He did not do it yesterday, though he was off very well. However, this is apart from the question. Nearest, who was overlooked, won the race handily from Sue Johnson, who beat Ben Frost quits as handily for the place. Nearest had a chance on her last race, which was at a greater distance. She was right there for six furlongs on Saturday, but the timere got the watches crossed, and no intermediate time was given. So her races cannot be well compared. Timers are so careless.

TO-DAT'S CARD AT DELMAR PARK. Sad Sam Looks Like a Sure Winner in the Fifth Event.

It is like tackling a pie counter to go against the Delmar card to-day, it is just full of good things, and promises a lot of good racing. Who can resist the attractions of a race between Ethel Wheat, Menace General McGruder and Prima II, not to talk of that between Northern Spy, Maggie Felix, Sad Sam. Brusare and Lunar?

The mrst race is the hardest on the card. And right at the top we meet our old triend, arr. Symoopateu Sandy, with a long lay-up to help him. He may not win, but he has got to be tipped to win. Some day he win win, and The Republic win to him to win. That will be full payment for all the tames he was tipped to win and falled to do better than run last. Wise Iellow is Mr, Symoopateu Sandy.

May 100 and Floy Leach will go some in this irrst race, and Sinn is not to be sneezed at in the company. Still a bet on old Sandy

very strong ones and he should be a warm favorite to-day.

When the three fast young ladies—no offense meant—Menace, Ethel Wheat and
Prima II, tile up at a mile to-day there will
be such a flying in front as will make the
venerable sentlemen, General McGruder,
Lee Bruno and Peter Duryea, feel like gay
old boys doing an all-night stunt with lively
soubrs tes, lie down and go to quitting,
Menace will run that mile close to 1:41. That
will be plenty good enough to win unless she
goes out and has her head run off by Prima
and Ethel Wheat. Ethel should be there
a-plenty at the end. In fact, it looks like a
close thing between her and Menace. There
is no reason on earth why Prima should not
go on past the distance she has been runaing, seven furlongs. It will be a beauty
and Ethel Wheat should land with Menace in the place and Lee Bruno third.

aing, seven furlongs, it will be a beauty and Ethel Wheat should land with Menace in the place and Lee Bruno third.

The fifth is a funny race. How Mr. Magin got 114 pounds on Vici Vance passeth understanding. He certainly took good care of her. Then, taking into account the good race Sad Sam ran last time, he seems to be in good with 95 pounds on him. His last race was a 15-pound improvement on his previous one. He was one of the best sprinters in California last season and will be there to-day.

Maggie Felix showed a world of speed the last time she was out, and as she was just off the cars on that occasion, she should do better to-day. She will make Sad Sam extend himself to beat her to the half. Though Sad Sam seems to have it won now, his only danger arises from the fact that Maggie Felix may run him into the ground. In that case Northern Spy, Lunar and Brulare will be there. Both Northern Spy and Lunar should beat Brulare. Northern Spy will not mind the added weight. In fact, it will help, as his owner can put up a boy strong enough to ride him. He has been carrying R. Murphy, who was entirely too light to handle him properly. So you can look for a better race from this fellow to-day if he has any kind of a boy up.

Lunar has done wonders, and no one knows how good she really is. She ran a great six turlongs the other day, when she choked Hardly off and then showed how easy she did it by coming on and winning at the mile from a good field. La Desirous never could step with her, and every one knows how fast Mr. Darden's filly is. Then, to make it look good for Lunar to-day, certain partles were engaged in industriously circulating the report yesterday that she had been poisoned. All of which goes for Sweeny. Lunar will have her party with her to-day, and it should be a great betting race. Mr. Johnson will not let Brulare go unbacked, but his good money won't make her win any more than the "wise" money did Miss Patron yesterday. Sad Sam should win the race. It is hard to place them back of him, but Northern

With a good ride Swordsman should get the last race without particular trouble with any one save Eugenia S. If Zonne does not sulk, he should be a sharp con-tender.

GOSSIP OF THE QUARTER STRETCH. The Impersonation of Billy Magrane-The Personality of John Lafferty. The Personality of John Lafferty. That popular St. Louis horseman, Billy Magrane, is not finding them breaking any too well for him. He has had his best horses die in St. Louis; has been running second time and time again when he should be running first, and in many other ways has been having hard luck. The climax came when he began to receive letters from ladles unknown to him, ordering him in no uncertain terms to return them the money they claimed to have given him to bet on his horses for them. Being a man of years, sense and substance, as well as a loving husband and father of many years' standing, these letters somewhat surprised s loving susband and lather of many years standing, these letters somewhat surprised Mr. Magrane. He turned them over to Secretary Hachmelster. As a result, a man who was getting money from credulous women by impersonating Mr. Magrane was arrested at the track yesterday and taken to Clayton Jail. The entire story is printed on another page of The Republic.

The usually silent turf critics of Chicago are handing hot shot to Charley Ellison, Tommy Burns's valet. They make no bones about charging Ellison with corrupting more jockeys than any man in the country.

Jockeys than any man in the country.

There has been some talk of John Lafferty, the fine black 3-year-old colt, who won the third race on July 10, being a "ringer." Nothing could be so absurd. Ringers generally are run in the name of poor horses with a record, and John Lafferty had no record prior to July 10. He ran in the name of W. F. Meyer, a well-known owner, but is mid to really belong to a farmer who lives man Lebanon, Ill. The timers got all mixed up on the Lunar race on Monday, and it is not possible to discuss her performance to the six furiongs. Certain it is that she ran the fast Hardly into the ground and then came along and won handly after doing it. Lunar sc. 8 to be another Wax Taper.

F. Jones, who rode Bulgarian in the fifth race yesterday, almost threw Patton, who was on Frank Pearce, over the fence at the head of the stretch. It was a gross foul and Jones was fined \$25 for it. There should be greater punishment for foul rides, which are becoming the rule at Delmar. In the second race yesterday Dale pulled Sadio Levy in on Land Ho at the finish, and, although the last named had lots of room and was not bumped, he was obliged to run out of a straight line. He just lost by a nose. Dale seemed to do the trick with deliberation and without any good reason, for his mount was running straight at the time. Mooney on Land Ho thought he won, for he gave Dale the laugh right after they crossed the wire.

New York, July 23.—Long shots were in
evidence to-day. Water Cure, at the prohibitive price of 1 to 6, was the only favorite to score, and Margraviate, second choice,
at 13 to 5, was another winner.

Sombrero, at 10 1, won the Atlantic

the early running, with Sombrero well up.
The latter took command when straightened
out for the run home, and in spite of the
fact that Oom Paul challenged gamely, he
won, ridden out, by three parts of a length

Doctor Book Lost a Race That Looked Like a Cinch.

Like a Cinch.

Cleveland, O., July 22.—To-day's strong card at the Grand Circuit races brought out an immense crowd. The weather and track conditions were perfect.

In the first race, the 2:14 trot, Doctor Book went to the post a strong favorite at even money. He won the first heat with speed to spare. In the second heat he fairly romped in, a winner by three lengths, but the best he could do in the third heat was third place. The judges did not like the way Durfee handled Doctor Book in the stand, fined \$100 and forced to give up the pole. In the fourth heat Durfee was taken down, and Kennedy substituted. The judges announced that this punishment was imposed upon Durfee for improper driving. After the third heat, all nonwinners were retired to the barn. having the windward position and quickly overtaking the large fleet which had gotten away earlier. The wind was so gentle that it barely filled the lower sails of the big sloops, and they seemed to derive most of their headway from the huge club topsails, which were full when the other sails were fiapping. As the wind shifted, canvas was trimmed to meet it. At 1 o'clock, while the Constitution was becalmed, the Columbia got a lucky streak of wind and ran past her rival and secured a lead of a quarter of a mile. Her advantage was short-lived, however, for at 1:35 the wind once again filled the Constitution's sails, and she glided to the front in a marvelous manner and maintained her lead to the finish, increasing it constantly. On elapsed manner and maintained her lead to the finish, increasing it constantly. On elapsed time, she won by five minutes and sixteen seconds, and by four minutes six seconds corrected time, the length of the course being twenty-eight miles.

In addition to the club prizes in each class, there was a private match between the schooners Shamrock and Katrina.

FOR RACES AT THREE TRACKS. STRICTURE SUFFERERS

Every man afflicted with Stricture or Gleet is familiar with the many annoying and distressing symptoms which accompany these diseases. The frequency of urination, the chronic gleety discharge and the inflammation and irritability of the Prost tate Gland and Bladder all tend to produce a weakened and debilitated condition. The seminal ducts become relaxed and prematureness and general Sexual Debility result. Ordinarily Gonorrhoea is a simple disease, but if neglected or improperly treated, it soon becomes serious and gives rise to Bladder and Kidney complications of a destructive and fatal nature. This disease will never cure itself, but, on the contrary, will become more and more aggravated, and it is of the utmost importance that every man thus afflicted be cured without delay.

OUR CURE for Stricture is safe, palniess and permanent and the prostate of the serious and permanents of the utmost importance that every man thus afflicted be cured without delay.

OUR CURE for Stricture is permanently dissolved, and every obstruction to the urethra forever removed. The discharge ceases, all inflammation and soreness are allayed, the ulcerated canal is healed, and the Prostate Gland reduced to its normal size. The relaxed Seminal Ducts are strengthened, the sexual system is invigorated and a complete restoration to normal health perfected. Call and be examined FREE. Western city, as it has not been head in the West since it was pulled off at Detroit several years ago.

The regatta will be held at Boston next summer, and at the regular meeting in March, 1965, the committee will decide upon a location for the meet of that year. After the place has been finally chosen, another committee will select a suitable course, either on the Mississippi, at Creve Coeur or on the lake in the Fair grounds, if possible, and decide upon the date, which probably will be in July.

The project to hold the regatta on the Fair lake was favorably received by prominent members of the Fair committees, but to considerable doubt was expressed as to whether a suitable body of water could be constructed, as it will require a mile and a half straightaway course for the eightoured events.

I Limit My Practice to STRICTURE

And All Diseases of Men!

It matters not how long you have suffered from stricture nor how many different doctors have disappointed you. I will cure you just as certainly as you come to me for treatment. I will not do it by cutting, dilating or by any form of surgery. My treatment is new, entirely original with me, and perfectly painless. It completely dissolves the stricture and permanently removes every obstruction from the urinary passage. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when enlarged, cleanage and heals the bladder and kidneys when irritated or congested, invigorates the sexual organs and restores health and soundness to every part of the body affected by the disease.

I also cure to stay cured VARICOCELE, SPECIFIC BLOOD POISON, NERVOSEXUAL DEBILITY and all reflex complications and associate diseases and weaknesses of men. To these maladies alone I have earnestly devoted twenty-three of the best years of my life. I make no charge for private counsel and give to each patient a legal contract in writing, backed by abundant capital, to hold for my promise. Is it not worth your while to investigate a cure that has made life snew to multitudes of men?

If you cannot call at my office, write your symptoms fully. I have the most parfect system of home treatment known to medical science. Address all letters to
